*In re Swift Brand Mark, LLC, et al.*

## **COMBINED SHOW CAUSE ORDER AND NOTICE THAT THE USPTO PROPOSES TO RECONSIDER ITS REGISTRATION DECISIONS**

To the above-referenced respondents:

The United States Patent and Trademark Office (“USPTO”) has evidence that Swift Brand Mark, LLC, USPTO Trademarked, USPTO Trademarked Office, Brandmark Masters, TradeMark FilingPro, Trademark Filing USA, and USA Patents and Trademarks Offices, and the individuals and entities doing business as Swift Brand Mark, LLC, USPTO Trademarked, USPTO Trademarked Office, Brandmark Masters, TradeMark FilingPro, Trademark Filing USA, and USA Patents and Trademarks Offices (collectively, “Respondents”) filed thousands of trademark submissions on behalf of others without the requisite qualifications to represent others before the USPTO in violation of the Rules of Practice in Trademark Cases before the USPTO. Respondents are engaging in the unauthorized practice of law and providing false, fictitious or fraudulent information in thousands of trademark submissions to the USPTO, including owner email addresses and signatures, with the intent to circumvent the USPTO’s rules and deceive the USPTO. See Exhibit A (list of affected applications and registrations).

Protection of the integrity of the U.S. trademark register is of the utmost concern to the USPTO because the register is a reflection of trademarks actually used in commerce and its accuracy serves the critical purpose of avoiding needless costs and burdens to applicants, who rely upon its contents when choosing a mark. Providing false information in a trademark submission to obtain or maintain a registration undermines the integrity of the trademark register, and those who provide false, fictitious, or fraudulent information are subject to sanctions.

The Director has authority to sanction relevant parties for trademark submissions presented to the USPTO in violation of USPTO rules and has delegated to the Commissioner for Trademarks the authority to impose such sanctions and to otherwise exercise the Director's authority in trademark matters. 35 U.S.C. § 3(a)-(b); 37 C.F.R. § 11.18(c); *see also In re Yusha Zhang*, 2021 Commr. Pat. LEXIS 2, at \*10, \*23-24 (Dir. USPTO 2021) (sanctions). The authority to issue administrative sanctions orders has been further delegated to the Deputy Commissioner for Trademark Examination Policy.

Therefore, based on the available evidence and the following considerations, the USPTO has made a preliminary determination that sanctions are warranted for matters for which proceedings are currently pending before the agency to address the violations of USPTO rules concerning signatures, certification, and representation of others, and violations of the Terms of Use for USPTO Websites. This order requires Respondents to show cause as to why the USPTO should not immediately take certain actions and impose sanctions pursuant to 37 C.F.R. § 11.18(c).

For files that have already proceeded to registration, the USPTO also has reason to believe that the improper activity that is the subject of this order and notice tainted the integrity of the USPTO's examination and decision-making processes at their core and resulted in wrongful registration decisions.<sup>1</sup> To fulfill its mandate to register marks and maintain registrations that comply with U.S. trademark law, the USPTO relies on the truth and accuracy of factual assertions and averments in trademark submissions, many of which are supported by signed declarations or verifications. The available evidence indicates that the USPTO's registration decisions were premised on false representations and assumptions. Therefore, the USPTO proposes to exercise its inherent authority to reconsider its registration decisions and reopen the relevant proceedings.

Should you wish to respond to this Combined Show Cause Order and Notice, a response is required **by March 27, 2026** in order to be considered.<sup>2</sup> Respondents may respond to this Combined Show Cause Order and Notice, as detailed at the end of this order.

<sup>1</sup> The term "registration decisions" includes both the initial registration decision made during the application examination process and the maintenance and renewal of registrations. The Federal Circuit has interpreted "registration" in the Lanham Act to include maintenance and renewal of registrations, in addition to the initial registration determination. *See Great Concepts, LLC v. Chutter, Inc.*, 84 F.4th 1014, 1019 (Fed. Cir. 2023); *Torres v. Cantine Torresella S.r.l.*, 808 F.2d 46, 48 (Fed. Cir. 1986).

## I. USPTO Rules and Requirements

All submissions to the USPTO in trademark matters are governed by U.S. trademark laws and the regulations governing practice in trademark matters before the USPTO, including rules concerning signatures, certification, and representation of others (collectively, “USPTO Rules”). See *generally*, 15 U.S.C. §§ 1051 et seq.; 37 C.F.R. Parts 2, 11.

An application for registration of a trademark filed with the USPTO must be made by the owner of the mark or a person who has a bona fide intention to use the mark in commerce. See 15 U.S.C. § 1051. The application must be supported by a verified statement, signed by the owner or a person properly authorized to sign on behalf of the owner. 15 U.S.C. §§ 1051(a)(3), (b)(3); see *also* 37 C.F.R. §§ 2.33, 2.193(e). USPTO Rules require that all signed documents submitted to the USPTO in a trademark matter must be personally signed or entered by the named signatory. See 37 C.F.R. § 2.193; TMEP § 611.01(b). A person may not delegate the authority to sign trademark-related submissions, and no one may sign the name of another, electronically or otherwise. See *Zhang*, 2021 Commr. Pat. LEXIS 2, at \*13; *In re Dermahose Inc.*, Ser. No. 76585901, 2007 TTAB LEXIS 25, at \*9-10 (2007); *In re Cowan*, Reg. No. 1225389, 1990 Commr. Pat. LEXIS 24, at \*5-6 (Comm’r Pats. 1990); see *also* Trademark Manual of Examining Procedure (“TMEP”) §§ 611.01(b)-(c), 804.04 (Nov. 2025 ed.).

A party who presents a trademark submission to the USPTO is certifying that all statements made therein of the party’s own knowledge are true and all statements made therein on information and belief are believed to be true. See 37 C.F.R. §§ 2.193(f); 11.18(b)(1). The party is also certifying that, “[t]o the best of the party’s knowledge, information and belief, formed after an inquiry reasonable under the circumstances, . . . the paper is not being presented for any improper purpose” and “[t]he allegations and other factual contentions have evidentiary support.” 37 C.F.R. § 11.18(b)(2). Thus, knowingly or negligently submitting a document that includes false signatory information, false applicant information, or false claims of use of (or intent to use) the mark in commerce for goods and services that the applicant is not actually offering (or lacks a bona fide intent to offer), violates 37 C.F.R. §§ 2.193(f) and 11.18(b)(1), and doing so without evidentiary support or with intent to circumvent the USPTO’s Rules violates 37 C.F.R. § 11.18(b)(2). Violations of 37 C.F.R. § 11.18(b) may jeopardize the validity of the application or registration and may result in the imposition of sanctions under § 11.18(c), including termination of proceedings. 37 C.F.R. § 11.18(c)(5).

Signed declarations or verifications made in support of trademark submissions—such as applications, declarations of use, or registration maintenance documents—are relied upon by the USPTO when examining trademark applications, registering marks, and maintaining registrations. The information in these submissions, such as a party’s claim of ownership of the mark, the goods and services in connection with which the mark is or will be used, claimed dates of use, claims of use or bona fide intention to use the mark

in commerce, are all statutory prerequisites for obtaining registration. 15 U.S.C. §§ 1051(a), 1051(b), 1058(b). The USPTO relies upon the facts and averments in trademark submissions to determine the applicant's or registrant's right to initial or continued registration. See *Look Cycle Int'l v. Kunshan Qiyue Outdoor Sports Goods Co.*, Cancellation No. 92079409, 2024 TTAB LEXIS 289, at \*39 (2024) (citing *Nationstar Mort. LLC v. Ahmad*, Opp. No. 91177036, 2014 TTAB LEXIS 350, at \*4 (2014)); see also *Norton v. Curtiss*, 433 F.2d 779, 794 (CCPA 1970) (“With the seemingly ever-increasing number of applications before it, the [USPTO] . . . must rely on applicants for many of the facts upon which its decisions are based.”). The public also relies upon the accuracy of these submissions in determining the relevant priority and scope of protection claimed.

All signed documents must comply with Rule 2.193 and therefore must be *personally* signed by the named signatory, including the personal entry of all electronic signatures.<sup>3</sup> See 37 C.F.R. §§2.193(a), (c), 11.18(a); TMEP §611.01(b) (May 2025 ed.); see also *In re Stelcore Mgmt. Servs., LLC*, 2025 Commr. Pat. LEXIS 3, at \*5-6 (Dir. USPTO 2025). A person may not delegate the authority to sign trademark-related submissions, and no party may sign the name of another. See *Zhang*, 2021 Commr. Pat. LEXIS 2, at \*10; *Dermahose Inc.*, 2007 TTAB LEXIS 25, at \*9-10; *Cowan*, 1990 Commr. Pat. LEXIS 24, at \*5-6; see also TMEP §§611.01(b)-(c), 804.04. For example, a paralegal, legal assistant, or secretary may not sign or enter the name of an attorney or other authorized signatory. TMEP §611.01(b). A trademark submission that is signed by a person other than the named signatory, is improperly executed, and cannot be relied upon to support registration. See *Zhang*, 2021 Commr. Pat. LEXIS 2, at \*10; *Ex parte Hipkins*, Appeal No. 90-2250, 1991 Pat. App. LEXIS 14, at \*10-13 (BPAI 1991); *Cowan*, 1990 Commr. Pat. LEXIS 24, at \*5-6. A signature that does not meet the “personally signed” or “personally entered” requirements, see 37 C.F.R. §§2.193(a), (f), 11.18(a), “may jeopardize the validity of [an] application or registration.” 37 C.F.R. §2.193(f). Thus, these signature requirements are not merely technical in nature but rather are substantive. *Stelcore*, 2025 Commr. Pat. 3, at \*5.

All submissions to the USPTO in trademark matters are governed by the USPTO Rules. See, generally, 37 C.F.R. Parts 2, 11. Under these rules, only attorneys admitted to practice before the bar of the highest court of a U.S. state or jurisdiction may practice before the USPTO in trademark matters on behalf of others. 37 C.F.R. §§ 2.1, 2.17(a), 11.1, 11.14(a); see also 5 U.S.C. § 500(b).

Any individuals who are not U.S.-licensed attorneys<sup>4</sup> are not authorized to practice before the Office and may not (1) give advice to an applicant or registrant in contemplation of filing a U.S. trademark application or trademark-related document; (2) prepare or

---

<sup>3</sup> In the relevant time period, the trademark electronic system forms allowed for three ways to sign a document electronically: 1) the signatory directly enters the signature in the signature field on the electronic form (“Direct Signature”), 2) the signatory receives an emailed link to the form, which allows them to enter their electronic signature in the signature field (“ESIGN-ON”), and 3) the signatory signs the document using document-signing software, however, this method was not used in any of the submissions referenced in this order. See TMEP §611.01(c)(ii).

<sup>4</sup> A limited exception, not applicable here, exists for certain Canadian attorneys and agents who have been reciprocally recognized by the Director of the Office of Enrollment and Discipline.

prosecute any U.S. trademark application, response, or post-registration maintenance document; (3) sign amendments to applications, responses to Office actions, petitions to the Director, or request to change correspondence information; or (4) authorize any other amendments to an application or registration. 37 C.F.R. §§ 11.5(b), 11.14(b).

Finally, an applicant or registrant is also required to provide and maintain a valid email address where the applicant can receive correspondence. See 37 C.F.R §§ 2.23(b), 2.32(a)(2). The email address is crucial to the proper administration of the trademark registration process because the USPTO uses the identified owner email for correspondence when a party is not represented by a U.S.-licensed attorney. See TMEP § 803.05(b). When an email address is provided that is not in fact the email address of the actual mark owner, an unauthorized party may receive correspondence from the USPTO.

## **II. USPTO.gov Terms of Use and Verified Account Agreement**

In order to access and file electronic forms and submit trademark documents to the USPTO, trademark applicants or their attorneys must register for and use a USPTO.gov account. Use of a USPTO.gov account and any other USPTO website or system requires users to agree to and comply with the Terms of Use for USPTO Websites (“Terms of Use”). See <https://www.uspto.gov/termsuse-uspto-websites>. Further, as of August 6, 2022, users who wish to file documents through TEAS must have their identifies verified, and are further bound by the USPTO Trademark Verified USPTO.gov Account Agreement (“Verified Account Agreement”). See <https://www.uspto.gov/sites/default/files/documents/TM-verified-account-agreement.pdf>; Exhibit B (Verified Account Agreement).

An individual who is not authorized to practice before the USPTO on behalf of others (or is not attorney support staff directly assisting an attorney), may make submissions through a USPTO.gov account in application or registration records *only* on his or her own behalf as the individual trademark owner or on behalf of a juristic entity owner of which he or she is a partner, member, officer, or direct employee.

Under the Terms of Use, registration for and use of a USPTO.gov account is limited to the individual to whom the account is registered, and the registered individual is responsible for all activities occurring under that account and any sponsored accounts. The sharing of USPTO.gov accounts thus violates the Terms of Use. Use of a USPTO.gov account to submit, access, or alter information exceeding one’s authority not only breaches the Terms of Use, but also violates 37 C.F.R. §§ 2.193(f) and 11.18(b). For example, the USPTO can consider submissions filed in violation of the Terms of Use in connection with a trademark proceeding as a document submitted for an improper purpose in violation of Rule 11.18(b), and may strike, or otherwise not consider or give any weight to, such correspondence in accordance with the relevant USPTO rules. See 87 Fed. Reg. 432 (Jan. 5, 2022).

Furthermore, violations of the Verified Account Agreement or Terms of Use may result in immediate termination, suspension, and/or revocation of all related USPTO.gov accounts, particularly when the accounts are used to make submissions that are unauthorized under the regulations of the USPTO. See Verified Account Agreement, pp.1, 5-6; Terms of Use (“Unauthorized use or actions exceeding authorized use of USPTO systems will be investigated, and, when appropriate, official sanctions will be imposed”).

### **III. The Respondents’ USPTO Rule Violations and USPTO.gov Terms of Use Violations**

The Respondents are connected to the USPTO.gov accounts associated with the following email addresses:

[REDACTED]@outlook.com (“Account Email 1”);  
[REDACTED]@outlook.com (“Account Email 2”);  
[REDACTED]@outlook.com (“Account Email 3”);  
[REDACTED]@outlook.com (“Account Email 4”);  
[REDACTED]@outlook.com (“Account Email 5”);  
[REDACTED]@outlook.com (“Account Email 6”);  
[REDACTED]@outlook.com (“Account Email 7”).

These USPTO.gov accounts appear to be relatedly controlled because a large number of applications filed by the accounts originated from the same computer networks. In addition, the accounts also identify the same correspondence email addresses in several trademark records. See Exhibit C (example filings in Ser. Nos. 98470746, 98542366, 98935816, 98743338, 98579245, 98788205, 98510290, 98741203, 99530876, 98964884, and 99001273 with representational records identifying [REDACTED]@gmail.com (“Primary Email 1”), [REDACTED]@gmail.com (“Primary Email 2”), or [REDACTED]@gmail.com (“Primary Email 3”) as the correspondence email address).

The Respondents are identified by application owners who contacted the USPTO. See Exhibit D (representational correspondence from owners of trademark applications filed by the USPTO.gov accounts identified above). The domains swiftbrandmark.com, usptotrademarked.com, usptotrademarkedoffice.com, brandmarkmasters.com, trademarkfilingusa.com, and trademarkfilingpro.com either currently connect or previously connected to websites offering trademark registration services, among other services. The domain usa-patentsandtrademarks-offices.online does not appear to be currently or previously connected to an active website. See Exhibit E (website printouts). Although the Swift Brand Mark, LLC, USPTOtrademarked.com, USPTO Trademarked Office, Brandmark Masters, Trademark Filing USA and TradeMark Filing Pro websites offer trademark registration services, no attorney information appears on the webpages. *Id.* Further, the applicant emails demonstrate that Respondents invented trademark

registration requirements and filing fees not called for under USPTO Rules. See Exhibit D.

The USPTOtrademarked.com website also appears to feature fake customer reviews of the Respondents' trademark services. In particular, the photographs of individuals currently identified on the website as clients providing feedback are also available for purchase as stock images. See Exhibit F (showing customer review and stock image website printouts).

The Swift Brand Mark, LLC website lists a street address located in California. However, the California Secretary of State has no record of Swift Brand Mark, LLC being a licensed corporation, limited liability company, or limited partnership of record with the California Secretary of State. See Exhibit G (website screenshots). Similarly, the street address for USPTO Trademarked, as identified on its website, indicates that it is located in Utah but there is no record of USPTO Trademarked being a business entity of record with the Utah Division of Corporations. See *id.* The website for Brandmark Masters indicates that it is located in New York, however, the Division of Corporations for New York State has no records identifying Brandmark Masters as a business entity incorporated or organized in the state. See *id.*

USPTO filing records reveal that the Respondents submitted more than 1600 trademark applications in the names of thousands of different owners with geographically diverse addresses, and that the applications and associated declarations in the applications were not personally signed by the individuals named. See Exhibit A; Exhibit H (showing representational application filing data). Based on available filing data, the USPTO concludes that Respondents electronically signed submissions using the "direct signature method," entering the names of thousands of different individuals or entities related to the listed owners. See *id.* Further, these submissions originated from the same small number of computer networks despite the geographic diversity of the listed mark owners' addresses of record. *Id.* While one application was signed using the hand-written signature method, the available filing data indicates that this application also was prepared and submitted by Respondents.

Moreover, none of the names identified on the USPTO.gov account registrations are identified in any filing as attorneys or attorney support staff working under the direct supervision of an attorney. Thus, under USPTO Rules, the holders of the accounts could not sign or submit trademark documents on behalf of anyone other than the named USPTO.gov account holders. 37 C.F.R. § 11.5(b)(3); see *also* Exhibit A. The names identified in USPTO.gov registrations match the names of individual applicants in a small number of applications and the available filing data indicates that these applications also were prepared and submitted by Respondents.

Respondents also made of record email addresses under their own control so as to intercept official USPTO correspondence, which is generally sent electronically. See Exhibits C, H. Providing this false correspondence information is a violation of at least 37 C.F.R. §§ 2.23(b), 2.32(a)(2), which require an applicant's valid email address for

correspondence. Providing a false owner email address in an application for the purpose of intercepting USPTO correspondence for the applicant constitutes submitting a document for an improper purpose under § 11.18(b).

All of the evidence discussed above shows that Respondents were aware of the impropriety of their conduct in filing these applications, and that they devised methods to conceal their involvement and advance submissions for an improper purpose, including to disguise that Respondents were representing trademark applicants before the Office without the involvement of licensed U.S. attorneys. In Respondents' efforts to conceal their identities, they entered false signature information, information which is material to the Office's determination to issue a registration. Moreover, Respondents' conduct demonstrates a pattern of making false material representations of fact in connection with application proceedings with an intent to deceive the USPTO into believing that application requirements were satisfied. See *In re Bose Corp.*, 580 F.3d 1240, 1243, 91 USPQ2d 1938, 1939 (Fed. Cir. 2009) ("Fraud in procuring a trademark registration or renewal occurs when an applicant knowingly makes false, material representations of fact in connection with his application."). Such actions show an intentional effort to mislead the USPTO regarding Respondents' authority in these trademark proceedings, which supports a finding that such false material representations of fact were made knowingly, willfully, or at the very least, with reckless disregard. *Look Cycle*, 2024 TTAB LEXIS 289 at \*34 (explaining that fraud can be demonstrated by knowing violations, or those undertaken with reckless disregard for the truth).

#### **IV. Show Cause Requirement**

In determining appropriate sanctions, various considerations may be taken into account, including what is needed to deter the conduct by the party and by others and whether: the improper conduct was willful, the conduct was part of a pattern of activity or an isolated event, the conduct infected an entire application or one particular submission, the party has engaged in similar conduct in other matters, the conduct was intended to injure, or the effect of the conduct on the administrative process in time and expense. 73 Fed. Reg. 47653 (Aug. 14, 2008).

Based on the foregoing, the USPTO has reason to believe that all applications and trademark documents filed via the above USPTO.gov accounts were filed in violation of the USPTO Rules and are invalid. The applications and documents were not properly signed, appear to have been submitted without Respondents making reasonable inquiry into the factual contentions contained therein, and contain false, fictitious, and/or fraudulent information. Available information also indicates that such submissions were filed with an intention to circumvent the USPTO Rules including, but not limited to, 37 C.F.R. §§ 2.11(a), 2.23, 2.32, 2.193, 11.14, and 11.18(b). In addition, USPTO records indicate that these submissions were made using the USPTO systems in contravention of the Terms of Use for USPTO Websites.

Because the information discussed above supports a finding that Respondents' actions violate the USPTO Rules, Respondents are hereby ordered to show cause why the USPTO should not enter the following sanctions:

- (1) Permanently preclude Respondents and any employee, agent, or anyone acting on behalf of Respondents from submitting trademark-related documents to the USPTO;
- (2) Strike or otherwise give no weight to all trademark-related documents submitted by Respondents or any employee or anyone acting on behalf of Respondents;
- (3) Remove correspondence information associated with Respondents and any employee, agent, or anyone acting on behalf of Respondents from the USPTO's database in all applications and/or registrations;
- (4) Deactivate any USPTO.gov accounts in which contact information related to Respondents appears, and take action to prevent Respondents from creating or activating further accounts;
- (5) Block future financial transactions from credit cards used to pay filing fees associated with the improper submissions and/or associated with Respondents
- (6) Terminate all ongoing proceedings containing submissions filed by Respondents or any employee, agent, or anyone acting on behalf of Respondents; and
- (7) Continue to strike documents, remove information, deactivate accounts, and terminate proceedings containing submissions later found to have been filed by Respondents or any employee, agent, or anyone acting on behalf of the Respondents.

## **V. Proposal to Reconsider Registration Decisions**

The USPTO, like all administrative agencies, possesses inherent authority to reconsider its decisions, subject to certain limitations. *Tokyo Kikai Seisakusho, Ltd. v. United States*, 529 F.3d 1352, 1360 (Fed. Cir. 2008) (collecting citations and affirming the Department of Commerce's inherent authority to reopen and reconsider a yearly administrative review of an antidumping order); see *The Last Best Beef, LLC v. Dudas*, 506 F. 3d 333, 340-341 (4th Cir. 2007) (holding that the USPTO acted within its inherent authority to correct its own unlawful action by canceling the issuance of two registrations); see also *In re Vivint, Inc.*, 14 F.4th 1342, 1351-52 (Fed. Cir. 2021). Courts have recognized that an "agency's power to reconsider is even more fundamental when, as here, it is exercised to protect the integrity of its own proceedings from fraud." *Tokyo Kikai*, 529 F.3d at 1361 (citing *Alberta Gas Chems., Ltd. v. Celanese Corp.*, 650 F.2d 9, 12 (2d Cir. 1981)); see also *Hekmati v. United States*, 51 F.4th 1066, 1070 (Fed. Cir. 2022). "The public welfare

demands that the agencies of public justice be not so impotent that they must always be mute and helpless victims of deception and fraud.” *Hazel–Atlas Glass Co. v. Hartford–Empire Co.*, 322 U.S. 238, 246 (1944). The USPTO’s inherent authority to reconsider registration decisions that it later learns were made based on false representations and assumptions is distinct from the USPTO’s authority to impose sanctions when submissions are made for improper purposes. As explained above, the USPTO relies on the truth and accuracy of the submissions made to the USPTO to fulfill its mandate to register marks and maintain registrations that comply with U.S. trademark law. See *Norton*, 433 F.2d at 794; *Look Cycle*, 2024 TTAB LEXIS 289, at \*37; *Stelcore*, 2025 Commr. Pat. LEXIS 3, at \*5. The USPTO’s reliance on the truth and accuracy of factual assertions in trademark submissions to make registration decisions is necessary due to the limited resources of the agency and is justified because each application and maintenance document must be signed, and the included factual assertions verified, by a properly authorized signatory. See 37 C.F.R. §§2.33(a)-(b).

In this case, the available evidence and information indicates that the integrity of the USPTO’s examination and decision-making processes were tainted at their core and the USPTO’s registration decisions were premised on false representations and assumptions. The evidence indicates that the signatures of applicants in the involved registrations were forged, and the submissions were not reviewed by the signatories prior to filing. Additionally, the evidence indicates that Respondents purposefully concealed their involvement in trademark proceedings by providing false information to the USPTO to deceive the USPTO into believing the applications and other submissions were proper. Respondents’ conduct, characterized by declarations and verifications with false signatures and misrepresentations regarding attorney representation, resulted in thousands of submissions containing averments that cannot be relied upon to support registration. *Stelcore*, 2025 Commr. Pat. LEXIS 3, at \*5; *Zhang*, 2021 Commr. Pat. LEXIS 2 at \*10; *Hipkins*, 1991 Pat. App. LEXIS 14, at \*10-13; *Cowan*, 1990 Commr. Pat. LEXIS 24, at \*5-6; see also TMEP 611.01(b). The USPTO thus has no confidence that the factual representations relied upon for its registration decisions were accurate.

As a result, the USPTO has reason to believe that its examination of all of the involved applications and registrations was conducted on false factual assumptions that resulted in wrongful registration decisions. Accordingly, the USPTO proposes to exercise its inherent authority to reconsider its registration decisions and reopen the relevant proceedings. The proposed approach protects both the integrity of the USPTO’s registration proceedings and the public interest that the USPTO reach the right result and maintain an accurate federal trademark register including only those marks that met the statutory and regulatory requirements for federal registration. This interest outweighs any interest the mark owners may have in the finality of the USPTO’s registrability determination.

If the USPTO exercises its inherent authority to reconsider its registration decisions, the decisions will be vacated and the application or post-registration proceedings reopened for a new determination to be made. For an initial registration decision, the registration

will be cancelled and restored to pendency under its application serial number.<sup>5</sup> The reopened proceeding may be subject to the termination sanction proposed in the preceding section for the reasons explained above.

## **VI. How to respond**

The USPTO will consider your response in determining the appropriate sanctions. If you object to the USPTO reconsidering its registration decisions as described above, or imposing the sanctions proposed in this order, you must respond to this notice **by March 27, 2026**. To be considered, responses must be submitted in writing using the procedures for Respondents and Owners described below.

Any response or electronic communications submitted to the USPTO will be considered part of the public record and are not exempt from disclosure.

Respondents: A response must be submitted via email to [TMPolicy@uspto.gov](mailto:TMPolicy@uspto.gov).

Owners of applications identified in Exhibit A: If an owner believes its application was included in error in this order, any response must include evidence and detailed explanations demonstrating that the particular application proceeding did not involve improper submissions as described above. An applicant's response must be submitted using the [Petition to Director \(https://teas.uspto.gov/office/ppg\)](https://teas.uspto.gov/office/ppg) form available on the USPTO's website.

Owners of registrations identified in Exhibit A: If a registrant believes its registration was included in the notice proposing reopening in error, any response to the notice must include evidence and detailed explanations demonstrating that the particular underlying application or post-registration proceeding did not involve improper submissions as described above. A registrant's response must be submitted using the [Petition to Director \(https://teas.uspto.gov/office/ppg\)](https://teas.uspto.gov/office/ppg) form available on the USPTO's website.

If the response is filed by a representative who is not the owner of the application or registration, the response must establish that you are authorized to take action on behalf of others under the USPTO Rules, and must include evidence corroborating any factual claims you make.

---

<sup>5</sup> During the period that a reopened application proceeding is pending, the USPTO's systems may continue to show the status as registered due to the agency's technical limitations.

This order is issued without prejudice to the USPTO taking all appropriate actions to protect its systems and users from your continued improper activity, including issuing additional orders relating to other applications, or referring your conduct to relevant state and federal law enforcement agencies.

A separate notice concerning this order will be uploaded in each application file identified in Exhibit A and sent to the correspondence email address of record.

So ordered,

Amy P. Cotton  
Deputy Commissioner for Trademark Examination Policy  
United States Patent and Trademark Office  
Exhibits: A-H

on delegated authority by

John A. Squires

Under Secretary of Commerce for Intellectual Property and Director of the United States

# United States Patent and Trademark Office Trademark Verified USPTO.gov Account Agreement

I request that the United States Patent and Trademark Office (USPTO) verify my identity and authorize my use of a verified USPTO.gov account for purposes of accessing trademark filing systems (such an authorized account is hereinafter referred to as a trademark verified USPTO.gov account). I have read and consented to the Terms of Use for USPTO Websites and am requesting issuance, or continued use, of a trademark verified USPTO.gov account for the sole purpose of conducting authorized business with the USPTO.

If I previously held a patent-verified USPTO.gov account, I understand that account was converted to a trademark verified USPTO.gov account either automatically by the USPTO or upon my selection of a role for accessing trademark filing systems. I confirm that I have read and acknowledged the terms of the Patent Electronic System Subscriber Agreement or PKI Subscriber Agreement, whichever governed my patent-verified account, and which are incorporated by reference.

Continued use of trademark filing systems constitutes my agreement to any applicable subscriber agreement mentioned above and this Trademark Verified USPTO.gov Account Agreement. Whenever the terms of this Agreement conflict with terms of the PKI Subscriber Agreement or the Patent Electronic System Subscriber Agreement, the terms of this Agreement control with respect to the subject matter addressed in this document.

I agree that my continued use of a trademark verified USPTO.gov account to access trademark filing systems is subject to the terms and conditions set out below and the rules and policies of the USPTO. I understand that the USPTO may immediately and/or permanently terminate, suspend, or revoke the trademark verified USPTO.gov account issued to me without prior notice based on the USPTO's sole determination that there has been a violation of this Agreement and/or the rules and policies of the USPTO. I understand that the USPTO may, in its sole discretion, require that I repeat the identity verification process at any time.

February 2024

UNITED STATES  
PATENT AND TRADEMARK OFFICE ®

## 1. Identification Information

By requesting electronic identity verification, providing a notarized identity verification form, providing identity information for a sponsored account, and/or providing updates to identity information to the USPTO, I warrant that all information submitted is based on my own knowledge and believed to be true, with the knowledge that whoever makes false or fraudulent statements shall be subject to the penalties set forth under 18 U.S.C. § 1001 and any other applicable criminal statute, and termination, suspension, or revocation of the USPTO.gov account.

I understand that if there is a change to any required information provided during electronic verification, in a notarized identity verification form, or otherwise by me during the sponsorship process, I agree to update such information within 30 calendar days of the change.

## 2. Acceptable Use for All Users

I understand that my use of a trademark verified USPTO.gov account is for the sole purpose of conducting business with the USPTO in compliance with the terms of use for USPTO websites, PKI Subscriber Agreement (if applicable), Patent Electronic System Subscriber Agreement (if applicable) and other laws, regulations, and policies of the USPTO, and is further limited to use in connection with applications and/or registrations I am authorized to access. I understand that any other use is strictly prohibited.

I understand that the USPTO may monitor or review my USPTO.gov account activity, including the submission of any documents, data, communication, or payment through trademark electronic systems. I have no expectation of privacy in regards to my use of the USPTO website and I consent to the Privacy Policy posted at <https://www.uspto.gov/privacy-policy>.

I understand that my account is for my sole use and I will not permit others to use the trademark verified USPTO.gov account login credentials issued to me and I will take reasonable steps to prevent others from learning my account login information. I will promptly notify the USPTO if I become aware that the login credentials issued to me have been used by others. I understand that sharing my account login credentials may result in temporary or permanent suspension of my account privileges.

I understand that an individual person may only use one trademark verified USPTO.gov account, and I will not request additional accounts.

I understand that a trademark verified USPTO.gov account is not transferable to any other individual or entity. A trademark verified USPTO.gov account is solely for use by the individual

whose verified identity is associated with the account.

I agree that the trademark verified USPTO.gov account issued to me will not be used to engage in or facilitate the unauthorized practice of law.

If I am not an individual authorized to practice before the Office on behalf of others (or attorney support staff directly assisting an attorney in filing submissions on behalf of that attorney's clients, at their direction and under their control), I will only use the trademark verified USPTO.gov account to file new applications or make submissions in application or registration records or in trademark proceedings, either on my own behalf or on behalf of a juristic entity owner of which I am a partner, member, officer, or direct employee (one without a direct financial interest in the outcome of the trademark registration process). The USPTO may consider any unauthorized submission filed in connection with trademark applications, trademark registrations, or trademark proceedings as a document submitted for an improper purpose and may strike, or otherwise not consider or give any weight to, such submissions in accordance with the relevant USPTO rules.

I understand that trademark verified USPTO.gov accounts are used to access trademark records and systems on a U.S. government computer system and that misuse or unauthorized use may – in addition to the USPTO immediately and/or permanently taking actions described in Part 6, below – subject me to (a) criminal penalties under U.S. law, (b) administrative sanctions by the USPTO and/or (c) disciplinary sanctions for violating the USPTO Rules of Professional Conduct. Any inadvertent disclosure of nonpublic documents shall in no way be construed as authorized access to such documents, and I understand that I must immediately destroy all such material without dissemination to anyone else, retrieve and destroy any such material if disseminated, notify the USPTO of the nature and extent of the unauthorized access, and certify that I have destroyed such material, that I have not granted rights to others to access such material, and that I will not otherwise make use of such material.

### **3. Attorney - Acceptable Use and Sponsorship of Attorney Support Staff**

If I am an attorney or other person authorized to practice before the USPTO in trademark and other non-patent matters on behalf of others (see 37 C.F.R. §§ 11.1, 11.5, 11.14), I understand that I am authorized to grant USPTO.gov account sponsorship to attorney support staff who are directly employed or retained by me, my company, or my law firm and who work under my direct supervision, and that I may remove USPTO.gov account sponsorship of the attorney support staff whom I have sponsored at any time. I agree that I will immediately remove sponsorship from any paralegal or support staff account for any individual no longer employed or supervised by me. I will

not attempt to sponsor any other individuals or organizations, including any foreign or domestic company, group, client, agent, attorney or other practitioner.

As a sponsoring attorney, I understand that I am personally, professionally, and ethically responsible for the conduct of each attorney support staff acting under my supervision when using a sponsored USPTO.gov account. I will take reasonable steps to ensure that each sponsored attorney support staff is familiar with the terms of this Agreement and with the relevant laws, regulations, and policies of the USPTO with respect to the duties to which their access pertains. I will take reasonable steps to ensure that each sponsored attorney support staff's access and use of USPTO systems is consistent with the tasks assigned to that individual. Such reasonable steps include prompt removal of sponsorship when appropriate, including where the individual is no longer under my employ and/or supervision. I will immediately remove sponsorship of the USPTO.gov account for any attorney support staff whom I have reason to believe has abused or misused any USPTO system, including but not limited to knowingly submitting false statements or signatures, and I will immediately report the misuse or abuse to the USPTO. I understand that failure to supervise use of accounts by my support staff may result in any of the following, but not limited to, my being referred to the Office of Enrollment and Discipline and/or revocation of my ability to sponsor additional accounts.

I understand that each USPTO.gov account is intended for use by the individual to whom it is registered, and that each of the attorney support staff I sponsor must have a separate trademark verified USPTO.gov account in their own name, and that accounts are not permitted to be shared among support staff individuals.

As an attorney, I may only sponsor attorney support staff under my supervision, employed or retained by my individual law practice, law firm, or as employees of the same company as myself. I will not attempt to sponsor any other individuals or organizations, including any foreign or domestic company, group, client, agent, attorney or other practitioner. In addition to the identity verification required by the USPTO, as a sponsoring attorney, I understand that I am responsible for confirming the identity of any person whom I sponsor, and understand that this information is subject to the terms of Section 1 above.

## **4. Sponsored Attorney Support Staff - Acceptable Use**

If I use a sponsored USPTO.gov account, I understand that my use and access to USPTO systems is subject to the direction and control of the attorney sponsoring my account. By accessing the sponsored account, I verify that (i) I am not an attorney (see 37 C.F.R. § 11.1), (ii) I am not suspended, excluded, or otherwise precluded from practice before the USPTO, (iii) I am employed

or retained by the account sponsor(s) or the law firm(s) or company where my supervising attorney and I are employed, and (iv) I am subject to direct oversight and supervision of the account sponsor(s).

## 5. Roles

Users select or are assigned a user role for each trademark verified USPTO.gov account. User roles correspond to persons authorized to make submissions in trademark matters.

The owner role can only be used to access trademark electronic systems and make submissions in applications, registrations, or proceedings in which 1) the person is an individual and either the original applicant or assignee of the subject mark; 2) the person can legally bind the owner; or 3) the person is directly employed by a juristic entity owner. In the context of this Agreement, a person who is directly employed does not have a direct financial interest in the outcome of the trademark registration process.

The U.S.-licensed attorney role can only be claimed by an active member in good standing of the bar of the highest court of any U.S. state or territory.

The Canadian attorney/agent role can only be claimed by one who is reciprocally recognized by the USPTO's Office of Enrollment and Discipline (OED) to represent persons located in Canada before the USPTO in trademark matters.

U.S.-licensed attorneys and Canadian attorneys/agents may sponsor individuals with USPTO.gov accounts in a support staff role. Violations of this Agreement by U.S.-licensed attorneys and recognized Canadian attorneys/agents or their sponsored support staff will be referred to OED for investigation and possible discipline.

The attorney support staff role can only be claimed, assigned, or used in connection with preparing and filing trademark documents through USPTO electronic filing systems in accordance with USPTO rules by a person directly employed or retained by the attorney/agent, or the attorney/agent's law firm, partnership, or corporation, who works directly for the attorney/agent and under the attorney/agent's direct supervision. A sponsored support staff cannot be a foreign or domestic company, group, client, attorney, agent, or other practitioner.

## 6. Termination, Suspension, and Revocation of Accounts

Users are granted a revocable license to use a trademark verified USPTO.gov account subject to the terms of this Agreement. The USPTO may immediately terminate, suspend, or revoke any

trademark verified USPTO.gov account at any time, without prior notice, temporarily or permanently, where:

- (a) Required information stored in the USPTO.gov account or contained in a notarized identity verification form changes and the appropriate user does not notify the USPTO within 30 calendar days;
- (b) The USPTO has reason to believe that the account has been compromised;
- (c) The associated USPTO system has been compromised;
- (d) The USPTO has reason to believe the USPTO.gov account is being used, or has been attempted for use, for unauthorized access to nonpublic information or inadvertently disclosed nonpublic information;
- (e) The user attempts to register more than one verified USPTO.gov account, including an account under a different or assumed name;
- (f) The verified USPTO.gov account is used to make submissions that the user is not authorized to make under the relevant laws, regulations, or policies of the USPTO;
- (g) The user submits any false, fictitious, and/or fraudulent information in connection with identity verification or account sponsorship;
- (h) The user submits a notarized form in support of identity verification that does not meet the notarization requirements of the notarial state or country;
- (i) The user refuses to destroy, cease dissemination, and/or retrieve any dissemination of any inadvertently disclosed or other nonpublic documents after notification by the USPTO;
- (j) The user fails to comply with obligations under this Agreement or the laws, regulations, or policies of the USPTO;
- (k) The USPTO determines the verified USPTO.gov account was not or is not being used in accordance with the obligations under this Agreement or the laws, regulations, or policies of the USPTO, including the user roles identified in section 5, or determines that the account was or is being otherwise misused;
- (l) The USPTO learns or has reason to believe that an attorney sponsoring attorney support

staff accounts is no longer practicing law or is no longer employing, retaining, or supervising the attorney support staff;

- (m) The USPTO.gov account is associated with any activities or operations that cause or result in a denial or diminution of services to other customers, whether generated automatically or manually;
- (n) There is inactivity for an extended period of time; or
- (o) For any other reason the USPTO deems necessary to protect the integrity of its systems and programs.

I understand that if the USPTO suspends, terminates, or revokes an account, the USPTO may subsequently deny future requests made by that user at its sole discretion. Further, the USPTO may, in its sole discretion, deny requests to reinstate, or place conditions upon reinstatement of, any USPTO.gov account that has violated this Agreement or the Terms of Use for USPTO websites. Further, the USPTO may, in its sole discretion, suspend, terminate, or revoke any and all USPTO.gov accounts, old or new, registered to an individual whose account has already been suspended, terminated, or revoked.

## 7. Software Use

I agree to honor any applicable copyright, patent, or license agreements with respect to any software provided to me by the USPTO, and will not tamper with, alter, destroy, modify, reverse engineer, or decompile such software in any way. I agree not to use the software for any purpose other than conducting authorized business with the USPTO (e.g., unauthorized access to nonpublic or inadvertently disclosed information).

## 8. Availability

I understand that the USPTO does not warrant or represent 100% availability of USPTO electronic systems due to system maintenance, repair, or events outside the control of the USPTO. The USPTO will make reasonable efforts to post information regarding scheduled downtime, when known, on the USPTO website. Any delays or difficulties caused by downtime may be addressed through the petition process or in accordance with further USPTO notice.

## 9. Term of Agreement

Continued use of a trademark verified USPTO.gov account evidences the user's continued acceptance of this Agreement, including changes that may be made from time to time in the

USPTO's sole discretion. The user is responsible for knowing and understanding the terms of this Agreement, which will be made publicly available, currently at <https://www.uspto.gov/sites/default/files/documents/TM-verified-account-agreement.pdf>. The user may surrender a trademark verified USPTO.gov account at any time by written submission to the USPTO via email at TEAS@uspto.gov or via post mail at:

U.S. Patent and Trademark Office  
Mail Stop EBC  
PO Box 1451  
Alexandria, VA 22313-1451

## 10. General

If any provision of this Agreement is declared by a court to be invalid, illegal, or unenforceable, all other provisions shall remain in full force and effect.

The USPTO reserves the right to refuse to issue accounts. The USPTO reserves the right to cancel this program at any time. Modifications to this Agreement will be posted on the USPTO website at <https://www.uspto.gov/sites/default/files/documents/TM-verified-account-agreement.pdf>.

I understand that the account issued to me is not a license required by law and is not to be construed as any form of permission or authority from the USPTO to file a document in the Office in violation of any applicable laws, regulations, or policies of the USPTO.

Nothing in this Agreement precludes the jurisdiction of the Office of Enrollment and Discipline or limits the authority of the Director of the USPTO or the Commissioner for Trademarks.

## 11. Dispute Resolution and Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the United States of America.

Good evening. My name is [REDACTED] and I recently started my trademark process in early January of this year. Trademark; [REDACTED], serial number [REDACTED]

I originally found the company on Google, Swift Brandmark, <https://www.swiftbrandmark.com/>, whom I used to start the process and to file on my behalf, which they have done.

The representative from Swift Brandmark that I have been dealing with is; [REDACTED] [REDACTED] claiming to be an attorney for Swift Brandmark, located in Texas.

My most recent conversation with [REDACTED] today via phone call raised some red flags, followed by an email. He demanded that if I didn't pay a certain fee in a timely manner, that my application would get suspended and cancelled. In the email below, [REDACTED] cc'd [info@usptotrademarked.com](mailto:info@usptotrademarked.com) and stated that was an official government email that he uses to communicate directly with the trademark office, which seems off because there is no .gov ending involved.

Hello [REDACTED],

The USPTO Report for your trademark name [REDACTED] as described. When performing the examination procedure, the legal office discovered non-availability of WIPO publication on your Trademark application.

WIPO (World Intellectual Property Organization) publication refers to the process of publishing and making publicly available various types of intellectual property (IP) documents, resources, and information by the WIPO organization. WIPO is a specialized agency of the United Nations responsible for promoting and protecting intellectual property rights globally. Here are some key aspects of WIPO publication:

- **WIPO Publications:** WIPO produces a wide range of publications on various topics related to intellectual property, including reports, guidelines, studies, statistics, and educational materials. These publications cover areas such as patents, trademarks, copyright, industrial designs, and international IP treaties. They provide valuable information, insights, and guidance for IP professionals, policymakers, researchers, and the general public.
- **WIPO Library:** The WIPO Library serves as a repository of intellectual property-related publications and resources. It collects and provides access to a vast collection of documents, including national and international laws, treaties, decisions, case law, research papers, WIPO publications, and other IP-related materials. The WIPO Library offers online access to its collection through the WIPO website, making it a valuable resource for IP research and education.
- **Online Access:** WIPO publications and resources are typically available through the WIPO. The website offers a user-friendly interface where users can browse and search for publications, access databases, download reports and guidelines, and stay updated on the latest IP news and developments. Many publications and resources are provided free of charge, promoting accessibility and knowledge dissemination.

WIPO publications and resources play a significant role in promoting understanding, awareness, and effective use of intellectual property rights at the global level. They contribute to capacity building, policy formulation, and the advancement of intellectual property protection and enforcement worldwide. The total cost for WIPO Publication is **\$6,499** as a one-time and lifetime registration fee with the yearly renewal of \$299.00, so we need to complete the registration right away to ensure that your Trademark application won't get dead but stay secured through WIPO Publication.

One time life time cost without renewal is \$8499.00

After this there will be no hidden or pending charges applicable on you and complete ownership will transfer within today as per the federal office and if anything comes up we will be completely responsible for that .

Please confirm so we can go ahead and proceed accordingly.

And prior to the email below, ██████████ also persuaded me to pay for a publication fee, which he said was mandatory, if not paid, the trademark would be dismissed. Details below.

Dear ██████████,

Hope this email finds you well,

I am writing this email to ensure you understand everything as this is the last plus and most crucial step that will determine the approval or rejection of the filed trademark applications of business names & business logo that are live and active on USPTO's database under your name.

As per the requirement of the government the filed Trademark Applications/Serial #

1. [REDACTED]

[REDACTED]

Needs to be published and endorsed by the US state department, For the trademark to be recognized by the governing authority in the United States. Your applications will be published in the same manner.

The filed application with the required details will be approved in the ideal time frame. Once the publication application is submitted your registration numbers would be issued.

Also, this would be the final process and financial obligation towards your applications that are filed under your ownership with USPTO, and the remaining parts that would be left will be taken care by the Federal office without any charges.

The Cost will be: \$115\*50 (States) = \$5,750 and there will be no hidden or recurring payments as this is the requirement of Federal office, to make the application stronger overall.

This is the last financial obligation to complete the process to you on this service as you are our existing and valued client, Thanks.

To proceed with transferring the account under your name, we kindly request a copy of your picture ID for verification purposes. Once we receive this, we can move forward with the necessary steps to complete the transfer.

NOTE: Once we complete this process would receive the registration number of your applications and registration certificate at your doorstep and you would be entitled to use the (R) Symbol next to your Marks (R) means it's now fully registered and you have the ownership of all your marks under your name federally. All marks would be good for next 10 years no annual charges no Monthly charges.

If you failed to complete the process, we will consider your application abandoned. For example, if you don't respond to this office action by its deadline, we will declare your application abandoned and send you a notice of abandonment.

**Best Regards,**

## U.S. Trademark Database Search Record

Trademark Clearance Search is a thorough process of searching and reviewing different trademark databases, at state and federal levels, for direct conflicts for your trademark. This search for conflicting trademarks is highly recommended, as it allows you to know whether your mark (name, logo, phrase, etc.) can be registered easily with the USPTO (U.S. Patent and Trademark Office) without any problems. A complete review of USPTO databases, unregistered trademarks, internet searches, and state trademark databases, makes it easy to find out if you should file the said trademark registration.

Good afternoon

After a long call to one of the customer service departments to USPTO I was advised to email you in reference to our concerns and request.

My name is [REDACTED] I own [REDACTED]. Last year April 2024 we applied for our trademark Logo which I personally designed, and our name trademark, we used a third party, a company name SWIFTBRANDMARK, after a couple of weeks of research for the company, and no faol findings, good results in all their clients, and reviews we decided to hire them, the starting fee did not seem very unusual as we had search other companies, a little higher than the others but they had promised excellent results so we went ahead and gave them the information and the Fee payments. They filed our applications but they listed a random email under our contact information, and I was not able to change this contact info and also was not able to receive any updates from you, I sent you an email with concerns after the company requested we paid 4000 to do a 50 state notary research on our brand, but they stated you had requested this and if we didn't proceed we would loose pur brand name and logo, I paid them the money, as I was sending you emails that took only a few days to respond, where you told us you would open a file to investigate if there was fraude, **thr money was never requested by you.** I have tried every possible way to have them respond to my emails, but I have not been successful so far, yesterday when I spoke to the representative on behalf of USPTO she explained our status and recommended I write to **both** departments to request our records be updated with my information as I am the owner of the company, this third party applying on our behalf just took our money and put a random email that does not belong to anyone representing us or communicating with us in regards to our application and results.

Please let me know if besides this information I am providing you need anything else from me.

Dear [REDACTED]

Please be advised that there is a federal fee associated with the publication process. This step is a federal requirement, and the federal office mandates the completion of the publication in order to finalize the registration of your trademark application.

The fee you previously paid was for the classification necessary to file your application, which has already been processed, as evidenced by your issued trademark serial number.

However, in order to complete the registration of your trademark, the publication process must still be finalized.

Hey [REDACTED]

So that I means I have to pay something again? I already paid a lot for this. Why would I owe money yet again, the fees were paid?

I will need to see the breakdown of what the costs I already incurred were for if what you are saying is that I still have to pay more. Government fees were included in that.

Thank-you,

Dear [REDACTED]

I hope you're doing well,

My name is [REDACTED] and I am the Case Filing Officer. We are assisting you with the trademark registration process to ensure everything proceeds smoothly and efficiently.

To move forward, please take a moment to complete the brief form linked below. Once submitted, we will be able to provide you with a **search clearance report** for your trademark, ensuring there are no conflicts with existing marks.

<https://usptotrademarked.com/steps-user/step-1.php?leadkey=13401728060234816869>

Once submitted, we will be able to provide you with a search clearance report for your trademark.

The first step is to conduct a search to determine whether your mark is available for trademark registration. If your mark is available, the **United States Patent and Trademark Office (USPTO)** will

assign classifications based on the nature of your business. This is part of the **USPTO** filing process, and the government fee is **\$350** per class. Typically, at least three classes will be assigned, and this number can go up to five classes, depending on the specifics of your business. Registering these classes is a mandatory step to complete the process.

Once the **USPTO** assigns your classifications, we will proceed with filing your application and provide you with an 8 digits serial number within 8-12 business days, allowing you to track your application on the **USPTO** website.

Thank you for your cooperation, and please don't hesitate to reach out if you have any questions.

Thanks & Regards,

Dear [REDACTED]

Hope this email finds you well,

I am writing this email to ensure you understand everything as this is the last plus and most crucial step that will determine the approval or rejection of the filed trademark applications of business names & business logo that are live and active on USPTO's database under your name.

As per the requirement of the government the filed Trademark Applications/Serial #

[REDACTED]

Needs to be publish and endorsed by the US state department, For the trademark to be recognized by the governing authority in the United States. Your applications will be published in the same manner.

The filed application with the required details will be approved in the ideal time frame. Once the publication application is submitted your registration numbers would be issued.

Also, this would be the final process and financial obligation towards your applications that are filed under your ownership with USPTO, and the remaining parts that would be left will be taken care by the Federal office without any charges.

After applying the discount, the Cost will be:  $\$85 * 50 \text{ (States)} = \$4,250$  and there will be no hidden or recurring payments as this is the requirement of Federal office, to make the application stronger overall.

This is the last financial obligation to complete the process to you on this service as you are our existing and valued client, Thanks.

NOTE: Once we complete this process would receive the registration number of your applications and registration certificate at your doorstep and you would be entitled to use the (R) Symbol next to your

Marks (R) means it's now fully registered and you have the ownership of all your marks under your name federally. All marks would be good for next 10 years no annual charges no Monthly charges.

If you failed to complete the process, we will consider your application abandoned. For example, if you don't respond to this office action by its deadline, we will declare your application abandoned and send you a notice of abandonment.

Hello,

I am contacting you because I believe I was part of a trademark registration scam. My husband, [REDACTED] had engaged this company called Brand Mark Masters to file our trademark with the USPTO.

At first, they seemed very legitimate. They charged us a service fee and then \$350 per classification. We did 5 classifications with them. Upon further investigation, they only filed for 1 classification but told me to rest assured that they had filed for all 5 and that the uspto system just didn't show all 5 but once I had the registration certificate it would show.

Then, the person we were dealing with referred us to the next step which would be with their attorney. The attorney then proceeded to send us an email stating that the next step in the trademark process was to pay a \$80 fee per 50 states to publish our mark and move things forward in the process. This is when I started doing further research and eventually concluded that this company is a scam.

Here are the email correspondence. The person we originally engaged with and helped us file is [REDACTED]. The attorney is [REDACTED].

Thanks,

**CAUTION:** This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Hello,

I am reporting a fraudulent solicitation and ownership threat concerning my registered trademark.

My trademark details:

- Mark: [REDACTED]
- Serial Number: [REDACTED]
- Registration Number: [REDACTED]
- Owner: [REDACTED]
- Registration Date: [REDACTED]

I received an email from someone identifying themselves as [REDACTED] "Head of Legal Affairs" at Swift Brand Mark, using the email address associated with my correspondent record (which I did not authorize).

In the message, they falsely claim:

- That I am "no longer authorized" to use my trademark
- That "ownership of the marks remains with them"
- That they will "withdraw my name," "list the trademark for sale," and reclaim ownership
- That I must pay \$5,250 per trademark or lose rights

These statements are entirely false — I never authorized this party to act on my behalf, and USPTO records correctly show me as the owner.

I am forwarding their email to you as evidence and requesting this entity be flagged for fraudulent solicitation and misrepresentation. Their conduct is threatening, deceptive, and clearly aimed at extorting money.

Please confirm receipt and advise if additional documentation is needed.

Thank you,

Hello TEAS,

**TLDR: Please block any further filings related to Trademark # [REDACTED] by anyone except myself. Further, please update the correspondence email address on file with this trademark to [REDACTED]**

I recently fell victim to the marketing of a nefarious Trademark filing assistance service: TradeMarkFilingPro.com. After weeks of not hearing much, I did some research and discovered the prevalence of trademark scams in the wild.

With this new knowledge, I revisited their site and many red flags became apparent. I did not believe this firm was going to file anything for me. I initiated a chargeback with my credit issuer, and that chargeback was fulfilled.

I was surprised to see a week later, that the trademark did appear in the uspto database, with a filing date of 8PM and the same date i submitted the ChargeBack request.

Now this firm is reaching out to me and demanding that i remit the \$\$\$ back to them or else they will take ownership of my Trademark (Serial # [REDACTED]). They originally charged me for a 3-class trademark and i can see on the Application paperwork that the application was only for 1 class. This firm is without a doubt a bad actor. I have also started receiving trademark related solicitations in the mail to send additional checks to other parties, which upon review are clearly shady. Only an email address is listed in the "Contact Us" section of their webpages, for example.

I called the Trademark Assistance center and was advised to email [tmpolicy@uspto.gov](mailto:tmpolicy@uspto.gov) and explain the situation, and to ask to block any further filings on my trademark by that firm. I emailed them last week, but have not heard anything back, and so i am reaching out to this inbox.

Please let me know if there is anything else i need to provide to facilitate this request.

Thank you for your help.

Hi there,

[X]

We have filed to Trademark our name with SwiftBrandMark, it has taken an unusually long process, but the attorney offices are stating we are now complete and need to pay publishing fee's.

I am very concerned as the website is stating it hasn't even been examined as of yet and this takes typically 6.7 months and it now has been since March 22,2024. I am on hold now with your office to get clarification, but I also wanted to make sure I get this email sent asap. I am also finding I can complete this step myself from some research that can save us some money.

I need confirmation we are on the last step, publishing, before I pay the attorneys anymore funds as it doesn't appear to be correct in your website.

Thanks

Hi my name is [REDACTED]. I am reaching out about a scam that has occurred with my trademark application. I filed through a third party " Trademark Filling USA "

I was assigned 3 classes for my trademark and paid for all three for \$350 each. However on my application is states that only one class was assigned and paid for at \$250

Another red flag was for the input table that they used their own email "[REDACTED]" when my email is [REDACTED]

They sent me the table with what seemed to be my correct email. Once I logged into my uspto account I saw different information.

I hired a company to submit my legitimate workmark for "[REDACTED]" and it appears to be a scammer. Though they submitted the mark application, it wasn't done by the supposed attorney, and not in all classifications.

Below is their latest correspondence.

I wanted to make you all aware of this and also request guidance on my wordmark. It is a legitimate business brand name of mine so I need to ensure I have ownership of the mark.

## Reasons Why Your Trademark Gets Rejected

To ensure a smooth trademark registration process, it is important to be aware of potential obstacles that may cause delays. Here are some key points to consider:

- ✔ Trademarks are used to protect brands in commerce and cannot be registered for personal or non-business use.
- ✔ Trademark names should be unique and distinct, not generic or descriptive, to set the brand apart from competitors.
- ✔ You can only register a trademark for a name that is currently being used in business or one that you plan to use in the near future.
- ✔ If your proposed name closely resembles an existing registered or pending trademark, it may lead to mistaken assumptions about the source of goods or services.

## Why Get Your Trademark Registered?

Securing legal protection for your brand through trademark registration is a crucial move which allows you to exclusively use a certain sign (such word(s), symbol, combination of these two) in relation to particular products or services. This not only protects your brand, but also serves as a warning to competing firms that intend to use a similar sign. Registering your trademark protects your idea and gives you access to legal procedures for stopping someone copying your brand elements. Additionally, if you have plans for international expansion, trademark registration becomes even more vital, providing protection in other countries and preventing unauthorized use by others.

<https://brandmarkmasters.com/trademark-registration.php>

Ex. E - 029

## Why Invest in Trademark Searches?

According to the USPTO, almost 20% of applications face denial due to similarities with existing marks. Do a proper search before you apply for trademark to verify if your mark is not already used or trademarked by another person. This upfront investment can save time and resources, preventing lengthy legal battles and potential expenses. It's a cost-effective precautionary step, minimizing the risk of expensive legal proceedings, including litigation and damages.

HOW IT WORKS?

## Our Seamless Trademark Registration Process

Secure your trademark in just three straightforward online steps – it's quick and hassle-free!

01

**Share Your Trademark Details**  
Provide us with the essential information about your trademark.

02

**Conduct Thorough Research**

Our experts will perform an in-depth search to ensure your trademark's availability.

03

**File Your Application with the USPTO**

We'll handle the entire filing process with the USPTO, getting your trademark on the path to official registration.

## Why Secure A Trademark?

Many of the brands, logos, and slogans you admire and trust are registered trademarks. Owning a registered trademark provides you with a presumption of ownership and the exclusive right to use your brand nationwide, offering you stronger protection in legal settings. Once registered, you can proudly display the ® symbol, marking you as a credible and serious business. Additional benefits include:

- ✓ **Presumed validity:** Your mark is presumed valid in case of legal disputes.
- ✓ **Enhanced legal remedies:** Gain access to additional remedies in court.
- ✓ **Increased company value:** A registered trademark can boost your company's overall value.

## Why Run A Search For Similar Marks?

Before diving into the trademark application process, it's crucial to conduct a thorough search to ensure your mark isn't already in use. This step can save you from potential legal issues and financial losses. Here's why a search is essential:

- ✓ **Avoid Duplication:** Identifying existing marks helps you steer clear of obvious duplications.
- ✓ **Non-Refundable Fees:** If the USPTO rejects your application, both the USPTO and service fees are non-refundable.
- ✓ **Early Stage Flexibility:** If your company is in its early stages, it's easier to make name changes now rather than later when you've invested time and money into building your brand.

<https://trademarkfilingusa.com/trademark-registration.php>

Ex. E - 040

- ✓ **Peace of Mind:** All our packages include a free, federal direct-hit search. We also offer more comprehensive searches, covering federal, state, common law, and global levels, ensuring you have peace of mind while your application is pending with the USPTO.

# Business Search

The California Business Search provides access to available information for **corporations, limited liability companies and limited partnerships** of record with the California Secretary of State, with **free PDF copies** of over 17 million imaged business entity documents, including the most recent imaged Statements of Information filed for Corporations and Limited Liability Companies.

Currently, information for Limited Liability Partnerships (e.g. law firms, architecture firms, engineering firms, public accountancy firms, and land survey firms), General Partnerships, and other entity types are **not contained** in the California Business Search. If you wish to obtain information about LLPs and GPs, submit a Business Entities Order paper form to request copies of filings for these entity types. Note: This search is not intended to serve as a name reservation search. To reserve an entity name, select Forms on the left panel and select Entity Name Reservation ? Corporation, LLC, LP.

## Basic Search

- A Basic search can be performed using an entity name or entity number. When conducting a search by an entity number, where applicable, **remove "C"** from the entity number. Note, **a basic search will search only ACTIVE entities** (Corporations, Limited Liability Companies, Limited Partnerships, Cooperatives, Name Reservations, Foreign Name Reservations, Unincorporated Common Interest Developments, and Out of State Associations). The basic search performs a contains ?keyword? search. The Advanced search allows for a ?starts with? filter. To search entities that have a status other than active or to refine search criteria, use the **Advanced** search feature.

## Advanced Search

- An Advanced search is required when searching for publicly traded disclosure information or a status other than active.
- An Advanced search allows for searching by specific entity types (e.g., Nonprofit Mutual Benefit Corporation) or by entity groups (e.g., All Corporations) as well as searching by ?begins with? specific search criteria.

**Disclaimer:** Search results are limited to the 500 entities closest matching the entered search criteria. If your desired search result is not found within the 500 entities provided, please refine the search criteria using the Advanced search function for additional results/entities. The California Business Search is updated as documents are approved. The data provided is not a complete or certified record.

Although every attempt has been made to ensure that the information contained in the database is accurate, the Secretary of State's office is not responsible for any loss, consequence, or damage resulting directly or indirectly from reliance on the accuracy, reliability, or timeliness of the information that is provided. All such information is provided "as is." To order certified copies or certificates of status, (1) locate an entity using the search; (2)select Request Certificate in the right-hand detail drawer; and (3) complete your request online.
